DROPDOWN

6 COMPONENTS, EACH WITH A READY PROMPT •
SWIPE →

BUTTONS come in ranks

Primary: the colourful main action. Secondary: outlined, less prominent. Tertiary: just a link.

YOUR PROMPT

Add a primary Save button below the form,
with a secondary Cancel next to it.

CARD: a box that groups related content (image, title, description, button)

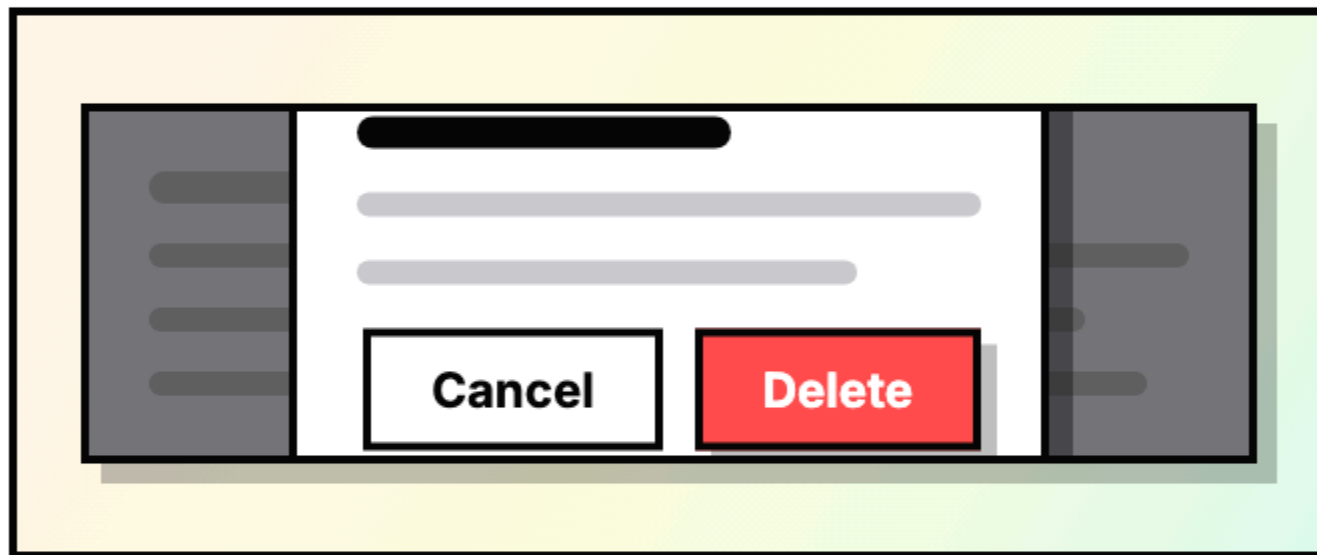

YOUR PROMPT

Show each recipe as a card with a title, image, and a View button. Add a subtle shadow.

MODAL: the pop-up that appears over everything else

YOUR PROMPT

When the user clicks Delete, show a confirmation modal with Cancel (secondary) and Delete (primary, red).|

INPUT FIELD: one line of typing

TEXTAREA: several lines

▼

Work

Personal

Ideas

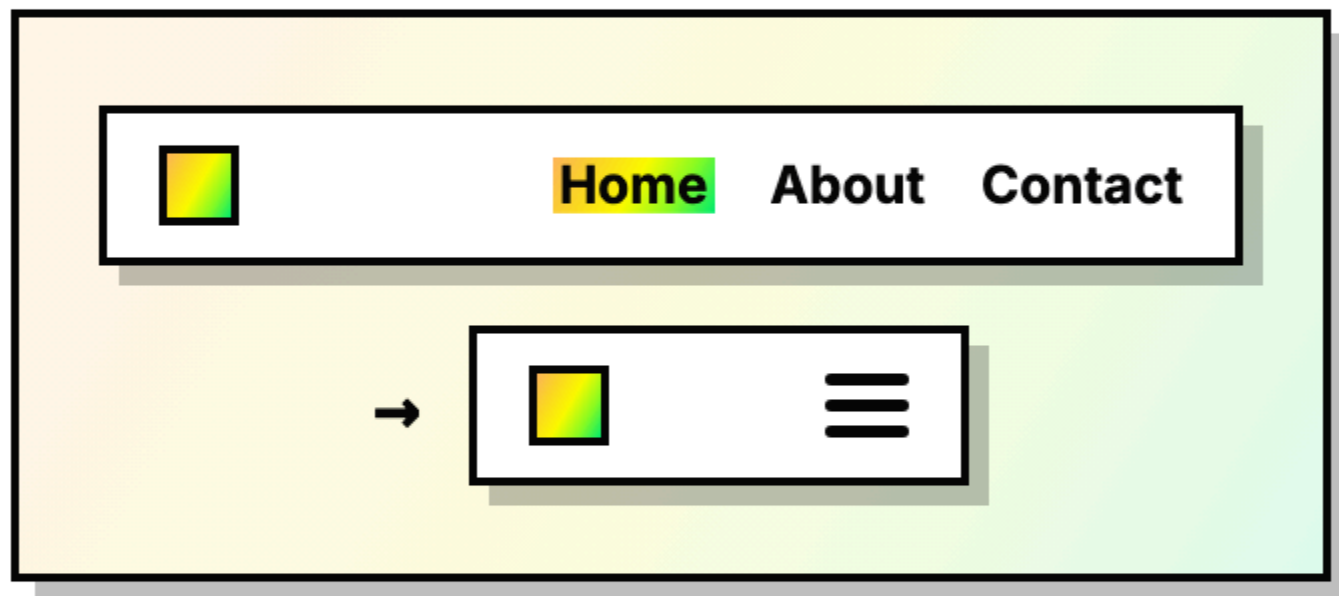

DROPDOWN: a click reveals the options

YOUR PROMPT

Add a dropdown to select the category:
Work, Personal, or Ideas.

NAVIGATION BAR: the links that move people around your website

YOUR PROMPT

Add a top nav bar with Home, About, and Contact. Highlight the active page. Collapse into a hamburger menu on mobile.

**Referring to each
component by name gets you
what you pictured**
